## GOOD COMPANY

LIEBSCHAFTEN FURNITURE DESIGN presents its new GARDEN COLLECTION: Minimalist design and high class materials. In developing our furniture we put the emphasis on longevity - outstanding design is timeless. All of our furniture fits outdoors and will embellish your garden all year round. Under the influence of the weather, the specially selected and premium materials will develop a natural patina - and so your furniture gets its very own and unique appearance and will naturally blend in with your garden, for you to enjoy for many years!

# OUTSTANDING DESIGN

Apart from being the perfect appliance for preparing delicious food, the LANGGRILL, with its exceptional design, also looks beautiful! It has won several awards and nominations for its outstanding and unique symbiosis of form and function. Like all our furniture, the LANGGRILL will change its appearance through time. Weather conditions, even wind and humidity will influence the surface of the used materials and they will attain a noble rust layer without affecting the substance: CORTEN-steel, which is also used in the building of ships and bridges, is extremely durable and resistant.

## LANGGRILL BASALT

Blazing flames or just a glow? Now it's both possible. In its unique way, the LANGGRILL Basalt combines a hearth with a grill, and therefore creates an inviting and cozy barbecue in a relaxed atmosphere, for all seasons of the year. It is placed close to the ground and the spacious stainless steel grill slide offers you plenty of room for food. Over time, the durable CORTEN-steel surface attains a nice rusty patina which gives your grill-and-fire-bowl a special and individual look.

## LANGGRILL UNTERGESTELL

This is barbecuing on a high level! The convenient LANGGRILL UNTERGESTELL made out of durable CORTEN-steel, makes for comfortable barbecuing, even when you're standing. It is available in two sizes, and also offers you some extra features: the separately available grid floor stores your supply of firewood always within reach and two protective metal walls keep the glowing cinder in the bowl. When the fire has expired the ashes can be easily brushed out from the sides.

## BANK

Take a seat in your garden! The bench invites you to take a leisurely rest, in summertime as well as in winter – either in the green shades of the garden or on the terrace, in combination with the table. Because of its high-quality workmanship and the weather resistant Kambala wood, the bench is ideal for a long life outdoors, its surface developing its own character over time.

# TISCH

The massiv table complements the bench with great style, and with its length of 2.20 meters, it offers ample room for family and friends to gather round. It also convinces with its elegant and alluring appearance: the outdoors humidity will give the handcrafted Kambala a noble and silvery shimmer, and after a while it will take on a glorious shine.

# HOCHTISCH

The high table is both practical and elegant. Its heightened tabletop is very convenient to work on, even while standing, and it invites for a conversation with your guests during the preparation of delicious food. Under the spacious work surface a suspended tray provides extensive storing space for your firewood, ready to be used on your barbecue-nights; so everything is always within reach and well protected at the same time.
